Hello All,

For your information and for discussion, please find attached the information that was presented by PLP at our April meeting on Function Assessments for streams and marine waters.

At the end of the meeting we agreed to look at the presentation material in further detail and provide PLP some feedback. I will contact everyone in two weeks to set up a conference call to discuss the issue.

v/r

Katie McCafferty

Subject: PLP Stream and Marine FA Assessmnet methodology

Hi Katie,

My apologies for takings so long in forwarding the FA methodology presentations to you. I got quite sick the day following the April 8th Meeting and spent about 3 weeks in bed. Since then I have been playing catch up on a number of things. I appreciate your patience. Please forward the materials on to the rest of the federal agencies which were in attendance.

I hope you are enjoying the sun.

Charlotte MacCay
